# BUILD OR RENOVATE AT VRBA.CA

Thinking of renovating or building a home?

Hire a contractor efficiently and effectively by using VRBA's online *Expression of Interest* form.

Visit [vrba.ca](http://vrba.ca), click *Submit Project to Members*, and fill in the form which is sent to our professional contractors.

This easy method puts your job in front of VRBA's builders and renovators — leaders in sustainable West Coast design and construction.

You will be contacted directly to discuss your project and you will learn more about the process.

VRBA contractors work with outstanding designers to identify your vision in the most cost-effective way.

They also have a network of skilled trades and reliable suppliers to manage your project professionally and efficiently.

Most importantly, avoid hiring a contractor on the advice of a friend, or signing a "deal" that's too good to be true.

Your builder should have a professional contract, strong track record, as well as warranty and liability coverage.

VRBA members have the experience and knowledge to build/renovate a home you can proudly call your own.
